

**Horizons at Foote** advances educational equity through a robust academic and enrichment program that builds on long-term partnerships with families and communities to provide a joyful, safe, and inspiring learning environment that empowers students from New Haven Public Schools to thrive in an ever-changing world. Horizons students attend a six-week summer program on the campus of The Foote School and receive additional support throughout the year. Our project-based educational model is designed to fuel a lifelong passion for learning, blending high-quality academics with cultural enrichment and confidence-building activities like swimming, arts, and sports.
